### **1. HISTORY OF THE SALES TAX:**

Tamil Nadu was the first to introduce General Sales Tax through enacting the Madras General Sales Tax (MGST) Act, 1939. Levied at a negligible rate of half percent in 1939, this tax rate was gradually increased to 5 percent as a general multipoint tax and to several higher slabs upto 20 percent under single point, on a large number of commodities. All the States agreed to adopt Floor rate for all commodities with effect from 1.1.2000. The rate of tax of around 40 commodities was increased with effect from 23.1.2000 on par with Floor rate, the items that were raised to uniform floor rates in 1999-00, 2000-01 and 2001-02. (55 percent in respect of Foreign Liquor and 24 % in respect of Petrol are special rates).

They will have to furnish a certificate issued by a Chartered Accountant, certifying that he has audited the accounts and that the accounts have been drawn up correctly and that the tax computations have been made according to the relevant rules. Subsequently, it was announced that the dealers whose turnover is less than Rs. 20 lakhs need not produce the Auditor Statement.

### **3. Registration Procedure:**

Registration of dealers is the first step in the scheme of the Act. The procedures have been simplified with uniform initial security deposit to all dealers. Registration Certificate will be issued within a week from the date of application.

- ( ii ). The place of business need not be inspected before the issue of Registration Certificate.

**3.7. e-GOVERNANCE**

e-Governance initiatives have been implemented in the Commercial Taxes Department and the following services are provided through Internet and Intranet websites:-

### **3.7.1 Registration of dealers**

A Registration package under Tamil Nadu Value Added Tax Act, 2006 and Central Sales Tax Act, 1956 has been developed and installed in all assessment offices. There is no manual allotment of TIN and only computer generated Registration Certificates are issued to dealers under Value Added Tax and Central Sales Tax Acts. Various registration related activities like new Branch/Godown/Factory registration, modification in the registration like name change, address change, etc., are carried out only through computers. Provision is also made in the website for online application for registration. The Tamil Nadu Value Added Tax Rules have been amended on 19.4.2010 to the effect that the applicant shall furnish his/her Permanent Account Number (PAN) while submitting the application. The existing dealers have to furnish their PAN Number within three months.

### **3.7.2. Return Processing**

Return posting modules under the Value Added Tax Act and the Central Sales Tax Act have been developed and installed in all assessment circles. The returns received in the assessment circles are immediately fed into the computer and exported to the Central Server so that officers from the cadre of Assistant Commissioner to Commissioner can supervise this process by viewing the "return filed status". Further, data regarding purchase and sales is also fed into the computer and cross-verification of input tax credit claim is done by the assessing officers as well as senior officers. The manual housekeeping work of maintaining the Cheque Register has been dispensed with and collection activities like challan, scroll generation etc. are carried-out through computers. Also, provision is made in the module to generate self -assessment orders.

### **3.7.3 Connectivity**

LAN (Local Area Network) connectivity has been established in all assessment circles and broadband internet connectivity has been provided to all the offices of the Department. Tamil Nadu State Wide Area Network (TNSWAN) links have been provided to all the offices of the Commercial Taxes Department at a cost of Rs.3.75 crore.

### **3.7.4 e-Filing of Returns:**

[On-line facility to file returns under Value Added Tax and Central Sales Tax through internet website www.tnvat.gov.in has been mandated to all dealers who claim input tax credit in the monthly returns and accordingly, as many as 1,80,000 dealers are filing their monthly returns electronically at present and efforts are being taken to ensure 100% e-filing.](#)

### **3.7.5 e-Payment**

On-line payment/remittance facility through internet website [www.tnvat.gov.in](http://www.tnvat.gov.in) has been introduced through the State Bank of India from October, 2009 and about Rs. 1,400 crore is collected every month through e-payment facility.

### **3.7.6 e-request of Statutory forms**

The facility of e-request for supply of saleable forms has been provided to the dealers so that the dealers can make their request for statutory forms through online and also know the date when they can collect the forms from the assessment circle through e-mail.

### **3.7.7 Refund request for exporters**

The filing of Form 'W' return has been prescribed for the exporters who claim the Input Tax Claims on their zero rated sales. The online software for this service has been developed in association with the National Informatics Centre (NIC). After introduction of this scheme, refund to the dealers exporting goods will be made faster than in the manual system adopted earlier. The status of their refund claim will be available in the website and the visit by the dealers to the office will be very minimal.

### **3.7.8 Fast Track Clearance System at the Check-posts**

Vehicles moving with goods halt at the check-posts for scrutiny by the check-post officer. This results in traffic congestions on the main roads. Further, bills collected are used to cross-verify the transactions of the dealers and are entered in the computer system which is a voluminous work. To solve these issues, the Commercial Taxes Department introduced the Fast Track Clearance System (FTCS) as a part of e-governance. Through this service, dealers can declare the goods carried through the transport vehicles in the website [www.tnvat.gov.in](http://www.tnvat.gov.in) and the acknowledgement generated through the website will be carried along with the goods vehicle. In the check-post, if the acknowledgement generated through the website is produced, vehicles will be cleared fast. The Check-post officer will make an entry in the website for confirmation of the goods transported. Through this service, dealers who are genuinely transporting the goods will be saving time and it helps to minimise the traffic congestion near the check-posts. Further, the data required by the Department is easily available.

### **3.7.9 Improvement of Tax payers services**

**The following facilities / services are also made available for the mercantile public through the website [www.tnvat.gov.in](http://www.tnvat.gov.in) :**

### **3.7.10 Intranet site of the Department**

The Wide Area Network of the Department is crowned with a departmental web, which throws up information on the Offices of the Department, Circulars, Notifications, Judgments, Acts and Rules and an e-mail facility. The web presents MIS reports of the data already entered in the offices.

### **3.7.11 Tax Information Exchange Systems ( TINXSYS)**

Offices of the Department, Circulars, Notifications, Judgments, Acts and Rules and an e-mail facility. The web presents MIS reports of the data already entered in the offices TINXSYS is a **Centralised Solution**, suggested by the Empowered Committee of State Finance Ministers (EC), to facilitate **information exchange** between State Commercial Taxes Departments. This provides effective monitoring of Inter State Trade such as movement of goods sold under concessional rate of tax. The mercantile public as well as Commercial Tax officials can make use of this system to verify the details of dealers and the details of statutory forms under Central Sales Tax Act. All the officials up to the cadre of Assistant have already been trained on the usage of TINXSYS and suitable authorization (like user name and password) for each official has already been provided. It is worthwhile to claim that our State is leading ahead of all other States in uploading the data into TINXSYS Server. Unlike in other States, this process is carried-out in-house without the assistance of any outside agency. No additional expenditure to the exchequer is involved in this process

**The following are the TINXSYS websites :**

1. <http://www.statevat.gov.in>
2. <http://www.tinxs.com>
3. <http://www.vinxsys.com>

Further, dealer details (only with reference to TIN) can also be verified through telephone over Interactive Voice

Response System (IVRS) for which the user has to dial the Toll Free Number: 1800 2200 17.

Online tracking of inter-state trade using Tax Information Exchange System (TINXSYS) has been strengthened by providing broadband connectivity to all circles. Interface between TINXSYS and the States' VAT computerization system has been provided to enable online tracking of inter-state trade. TINXSYS website is updated regularly to monitor the inter-state transactions and immediate steps are taken, if any deviations are found.
