ORDER

Tvl. Pallava Chemicals, 33/D2, Karumalai Koodal, Mettur Dam – 636 402, (TIN: 33063241459) have filed an application and sought clarification and advance ruling on the following under section 48-A of TNVAT Act, 2006, read with rule 12-A of TNVAT Rules, 2006.

2. They sought clarification on the following in column No.4 of Form "VV":

**"Chemical Fertilizer – Magnesium Sulphate
– Agri grade".**

3. The issue has been examined in detail with reference to provisions of the TNVAT Act and Rules and the relevant entries in the First Schedule and Fourth Schedule up to 11.07.2011 and from 12.07.2011 and clarification is given as under:

4. The Tamil Nadu Value Added Tax (Second Amendment) Act, 2011 came into force on 27.09.2011, by inserting a new section 48-A for the constitution of a State Level Authority for Clarification and Advance Ruling to clarify any point concerning the rate of tax.

5(i) Item No.27 of Part-B to First Schedule as it stood upto 11.07.2011 is as follows

"27(i) Chemical Fertilizers"

5(ii) Item No.17-A of Part B to Fourth Schedule as it stands from 12.07.2011 is as follows

"17-A(i) Chemical Fertilizer"

6(i). The applicant sought clarification on "Chemical Fertilizers-Magnesium Sulphate - Agri grade". In common parlance, magnesium Sulphate cannot be termed as chemical fertilizer and chemical fertilizer by its very name does not encompass magnesium sulphate. In determining the meaning or connotation of words and expressions describing an article in a schedule, those words and expressions should be construed in the sense in which they are understood in the trade by the dealer and the customer whose goods are marketable.

6(ii) In 72 STC 280, the Supreme Court had held that where a word has a scientific or technical meaning and also an ordinary meaning according to common parlance, it is the latter sense that in a taxing statute the word must be held to have been used, unless a contrary intention is clearly expressed by the legislature. The commodity magnesium sulphate does not fit into the description chemical fertilizers.

7. Therefore, the clarification is that, Magnesium sulphate is not a chemical fertilizer but "a chemical only" falling under item No.1 of Part-B to First Schedule taxable at 5% under TNVAT Act, 2006.
